

Scope worksheet for several kinds of home damage

One row per area and damage item. Use the diagnosis and professional's answers; this is not a technical report.

A. Property and restrictions

Property / area

Date of this version

Responsible person / contact

Restrictions on access, occupancy, or work (from assessment)

B. Damage, dependency, and acceptance by area

Code / area	Diagnosis or open question	Before work starts	Result to check

Identify each diagnosis: report, date, and professional.

C. Quote items that may overlap

Task / area	Quote A: unit and content	Quote B: unit and content	What is shared / different

D. Change after opening or closing

Finding / check:
